work is featured in many prominent galleries and art magazines. He says: “This workshop will cover the fundamentals of landscape painting with pastel, including composition, values, masses, focal point, edges, drawing and color. Pastels’ consistent colors lend themselves naturally to outdoor studies and indoor studio work. Weather permitting, we will be outdoors every day working on location creating small pastel field studies. I feel that working from life is the best way to gain the skills and knowledge to improve your landscape work. This class is for those who already enjoy working with pastel or who desire to experiment with this medium.”
